Note

Containers released with Windows Server 2022 follow the same lifecycle dates.

Note

Hotpatching is supported on Windows Server 2022 Datacenter: Azure Edition Core through the end of Mainstream Support.

Note

Beginning in September 2023, Windows Server has two primary release channels available: the Long-Term Servicing Channel (LTSC) and the Annual Channel (AC). The Long-Term Servicing Channel provides a longer-term option focusing on stability, whereas the Annual Channel provides more frequent releases. Click here for more information.
