VMware Aria Operations	8.18.x	October 11, 2027
VMware Aria Operations for Logs	8.18.x	October 11, 2027
VMware Aria Operations for Networks	6.x	October 11, 2027
VMware Cloud Foundation	5.2.x	October 11, 2027

VMware Data Services Manager	2.x	October 11, 2027
VMware ESXi	8.x	October 11, 2027
VMware HCX	4.x	October 11, 2027
VMware Identity Manager	3.3.7	October 11, 2027
VMware Live Recovery	9.0.x	October 11, 2027
VMware NSX	4.x	October 11, 2027
VMware vCenter Server	8.x	October 11, 2027
VMware vSAN	8.x	October 11, 2027
Product	Release	End of Service(2028)
VMware Cloud Director	10.6.2	August 12, 2028
VMware Cloud Director Availability	4.7.6	August 12, 2028

Note: "VVF for VDI" licensed environments follow a separate lifecycle, see VVF for VDI Lifecycle Support.

Resolution

Post the listed End of Service dates, there will be no Technical Support and no new patches for these product versions.

Broadcom recommends adoption of VMware Cloud Foundation(VCF) 9 or VMware vSphere Foundation(VVF) 9.
